PROFESSIONAL PROFILE

Backend Developer with 9+ years of experience building scalable and maintainable systems using PHP. Specialized in developing APIs and backend services following SOLID principles, layered architecture, and clean code practices.

Experienced in working with SQL databases, Docker, PHPUnit, and Git. Skilled at integrating third-party services, working in Agile teams, and delivering reliable, well-tested solutions for high-impact industries such as travel-tech and eCommerce.

Passionate about solving complex technical challenges, learning emerging technologies, and collaborating with cross-functional and international teams. I strive to build maintainable, secure, and high-quality software that improves user experience and business outcomes.

TECH SKILLS

- **Programming & Backend:** PHP 7/8, RESTful APIs, MySQL, MariaDB, Elasticsearch, OpenSearch, Magento 1/2, Custom Module Development, Adobe Commerce, PHPUnit.
- **Architecture & DevOps:** Docker, Git, CI/CD (Bitbucket Pipelines, GitHub Actions), Linux (Ubuntu), Redis, RabbitMQ, Varnish.
- **Frontend Development:** Knockout.js, jQuery, JavaScript, HTML5, CSS3, LESS, SASS.
- **Tools & Workflows:** PHPStorm, Xdebug, Jira, Confluence, Agile/Scrum methodologies, Bitbucket, GitHub, Clean Architecture / Hexagonal structure, SOLID.
- **Cloud & Integrations:** ERP/CRM integrations, Payment Gateways, Adobe Commerce Cloud, Third-party API integrations, Performance Optimization.

SOFT SKILLS

- **Clear Technical Communication:** Able to explain complex technical ideas in simple terms, ensuring alignment with both technical and non-technical stakeholders.
- **Collaborative & Culturally Fluent:** Experience working with international teams across Latin America (Chile, Argentina, Bolivia), fostering strong remote collaboration and teamwork.
- **Leadership & Mentorship:** Mentored junior developers and supported knowledge sharing in Magento projects, promoting continuous growth within the team.
- **Problem-Solving Mindset:** Analytical and resourceful when debugging, optimizing code, or resolving unexpected system issues under pressure.
- **Client-Focused & Delivery-Oriented:** Committed to delivering high-quality solutions that balance technical excellence with real business needs and deadlines.

PROFESSIONAL EXPERIENCE

Senior Software Developer

Grupo Distelsa (Contracted via Widoook) | Guatemala

Mar 2024 - Mar 2025

Remote

- Integrated CyberSource (Visa) payment gateway with tokenization and card management.
- Implemented Braze and Kevel for campaign automation and ad personalization.
- Managed Adobe Commerce sites (max.com.gt, tecnofacil.com.gt), optimized inventory sync and performance.
- Created banners and landing pages; enhanced UI/UX in PDP, PLP, and checkout.
- Debugged module conflicts and ensured platform stability post-updates.

Mid-level Software Developer

Linets SpA | Chile

Ene 2023 - Ene 2024

Remote

- Migrated database schemas and upgraded Magento to 2.4.6 with PHP 8 compatibility.
- Refactored ERP and payment gateway integrations.
- Configured Adobe Commerce Cloud, optimized Knockout.js bindings, and ensured zero-downtime upgrades.

Mid-level Full-Stack Developer

Balloon-Group by Fastforward.ai | Argentina

Ene 2022 - Dic 2022

Remote

- Integrated TikTok, Facebook, and Google Pixel tracking across multi-store setups.
- Enhanced backend admin panel and optimized API order processing.
- Deployed live chat widgets and improved analytics configurations.

Mid-level Software Developer

Summa Solutions | Argentina

2021 - 2022

Remote

- Developed custom REST endpoints and integrated Janis ERP with automated sync.
- Customized checkout UI for dynamic shipping methods.

Software Developer (Full Stack)

Grupo Formax | Chile

2021

Remote

- Built catalog features with custom attributes and theme adaptations.
- Enhanced PagoEfectivo/Izipay modules and created delivery date logic by product type.
- Managed multi-website setup with localized configuration.

Software Developer (FullStack & Integrations)

Wagento Commerce | EEUU - Bolivia

2014 - 2021

Hibrid

- Developed payment modules (QR, bank transfer) and Braintree Subscriptions.
- Integrated Salesforce, Zendesk, and SurveyMonkey with OAuth-based connectors.
- Built custom REST APIs for ERP sync and customer service automation.

Web Developer

Innova BI | Bolivia

2013 - 2014

On-site

- Developed eCommerce for Andean Books with search/filter features.
- Built cemetery management system with custom database for record tracking.

FREELANCE PROJECTS

• Magento 2 Technical Consultant

2022-2024

- **Argentinian eCommerce Store** (2024): Diagnosed and resolved cart/catalog rule conflicts. Optimized promotional rule processing time by 35%
- **Andrew Cristian Electronics** (2022): Debugged and repaired payment gateway integration. Implemented secure transaction logging system.

- **Full-Stack Developer**

2019-2021

- **Multi-Retenes eCommerce:** Built Magento 1 catalog with custom responsive theme, implemented SEO best practices (metadata, URLs, sitemaps) and increased organic traffic by 60% within 3 months
- **Medical College of Santa Cruz:** Architected member registration web application. Developed advanced search with filters (name, specialty, region) and served 500+ medical professionals.

EDUCACIÓN

Licenciatura en Ciencias de la Computación

Universidad Mayor de San Simón

2009 - 2016

CERTIFICACIONES

- Magento Certified Developer (MCD)
- Adobe Commerce: Core Principles for Theming (Magento U)
